

Reflecting on European Active Citizenship

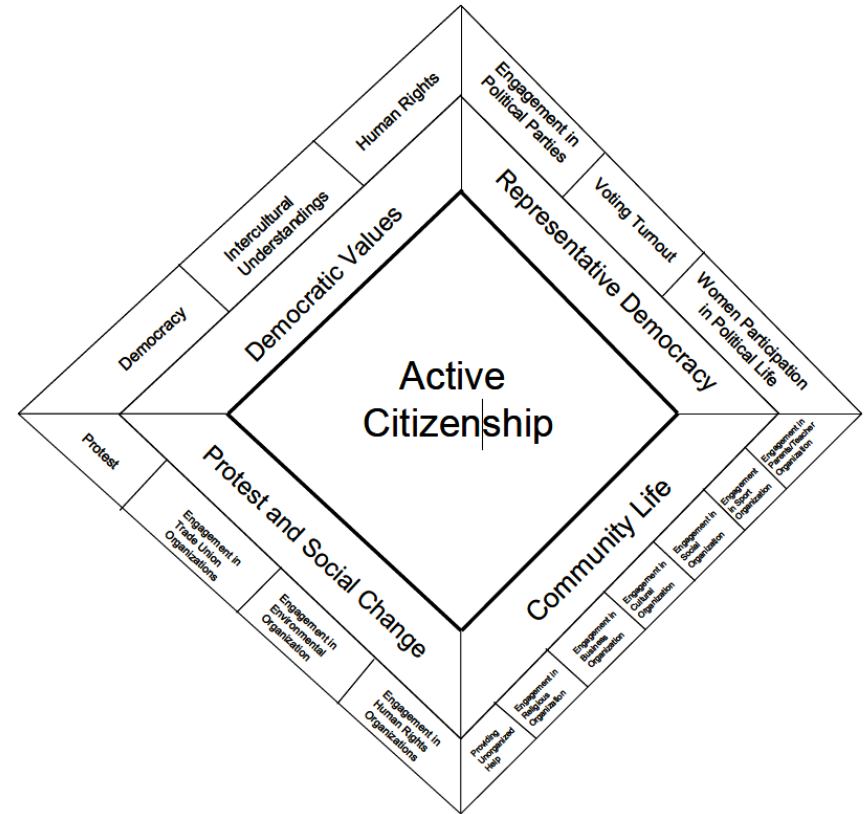

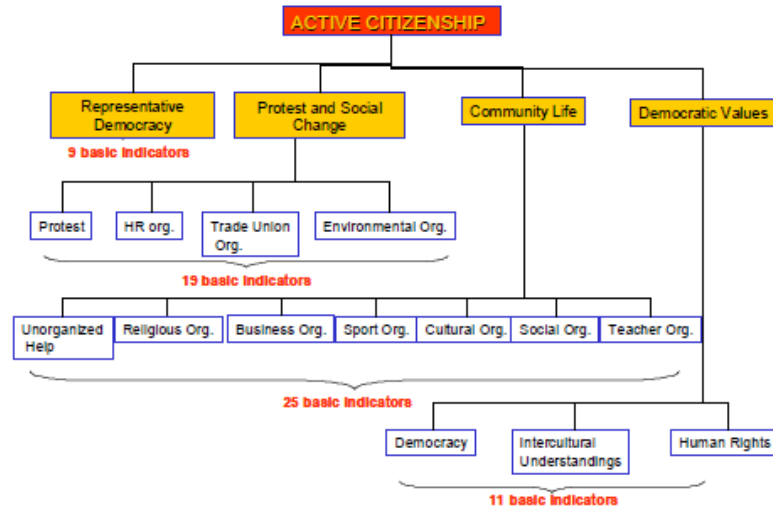

- » „participation in society, community and/or political life characterised by mutual respect, non-violence and in accordance with human rights and democracy“ (#Bryony Hoskins, CRELL 2006)
- » **Social capital** is a form of economic and cultural capital in which social networks are central; transactions are marked by reciprocity, trust, and cooperation; and market agents produce goods and services not mainly for themselves, but for a common good.
